Sometimes I walk the city streets
Where our laughter filled the air
But since you said goodbye to me
There's sadness everywhere

At night I walk by all the places where we used to go
Thinkin' about the good old times that we used to know
It's a lone, lonely town since you went away
It's a lone, lone, lonely town and I'm cryin' every day
So come back to me, baby, come back to me, baby

On every street I see your face
Smiling there at me
Oh, why did I break your heart
And 'cause you misery?

No matter where I try to go
I can't forget you now
'Cause the city lights and the city streets
Know you're gone somehow

It's a lone, lonely town since you went away
Hey and it's a lone, lone, lonely town and I'm cryin'
every day
So baby, won't you come back to me, baby?
Come back to me, baby
(It's a lone, lone, lonely town)

Oh baby, don't you know?
(It's a lone, lone, lonely town)
And it's a lone, lone, lonely town since you went away

It's a lone, lone, lonely town and I'm cryin' every day
So hurry up and come back to me, baby
Now come back to me, baby
'Cause I want you and don't you know that I love you?
I really got to have you, come back to me, baby
