Tears at the end of a love affair
Tears at the end of a love affair
Tears at the end of a love affair
Yeah

I cry 'cause I hear your footsteps leaving from my door
And through my tears I can see you heading for her
door
I gave you the best of my years
Sharing your laughter, drying your tears
Baby, this is all I've got, all I've got is

Tears at the end of a love affair
Tears at the end of a love affair
Tears at the end of a love affair
Yeah

Ooo, our love was as sweet as the sun is warm
But like a sunny day that is with a storm
Baby, this is all I've got, all I've got is

Tears at the end of a love affair
Tears at the end of a love affair
Tears at the end of a love affair
Yeah

You kissed me goodbye and you're heading straight to
her door now
My heart is broken 'cause I won't see you anymore now
I gave you a love so true, I expected so much from you
Baby, this is all I've got, all I've got is

Nothin' but tears now, baby
So many tears, oh, baby, yeah
So many tears just keep on fallin'
