In blood we trust  
With god we rust  
We are the children  
Of a pathetic world

So much blood we need  
With our god teeth  
This flesh will rot  
Caus' - in blood we trust !!!

In blood, in blood we trust !  
In blood, in blood we trust !

In blood we trust...

In blood we trust  
With god we rust  
We are the children  
Of a pathetic world

So much blood we need  
With our god teeth  
This flesh will rot  
Caus' - in blood we trust !!!
