I was only 17 when he  
Came around and passed my way  
He was the finest thing I'd ever seen  
And his eyes were green

Him and the boys played basketball  
While I was chillin' at the park  
He had a smile that could shine a light  
On your darkest days

Came up to me and said  
"Excuse me, what's your name?  
I was just wondering  
If you would like to get away"

"Do you remember me  
At the age of 17?  
You fell in love with me  
But it was never ever meant to be"

Later on as we got to know each other  
I just wanted this day to last forever  
But as I learned more 'bout him  
I wondered if I'd ever see him again

There was something 'bout the way he made me feel  
Felt as though the whole world were standing still  
And when we talked I could see  
He was the perfect man for me

When he took me home that night  
I knew that I was gone  
He walked me to my door  
And that's when I started to write this song

Do you remember me  
At the age of 17?  
You fell in love with me  
But it was never ever meant to be

Do you remember me  
At the age of 17?

You fell in love with me  
But it was never ever meant to be

I fell in love the moment I laid my eyes on him  
But that's just the problem  
'Cause he was already in a relationship  
He said he wasn't happy, it wasn't working

And I reminded him of the way that she used to be  
He said he couldn't stay and that was just the way  
At the sweet age of 17

Do you remember me  
At the age of 17?  
You fell in love with me  
But it was never ever meant to be
