I gotta say, I must admit never thought
There would ever be someone to open my eyes
When you feel the taste of it swept me away, yeah,
yeah
Like a drug, intoxicating, captivating
Forces put me under a spell and I don't feel afraid, no

Waited long time for my prince to show
Waited patiently I want the world to know
Waited long time through a chain of fools
Waited patiently and that prince was you

Passion so strong, I can't hold on, pleasure I yearn
With every burn, keeps me alive, melting inside
As legend would have it told, you give me good love
Baby, you give me good love, love

I can taste emotions so deep living my wildest
fantasies
Explore every single inch of me, baby
Bringin' me to life butterfly, heart and soul make me
whole
Shield my pain stop the rain, you chase all my clouds
away, yeah

I waited long time for my prince to show
Waited patiently I want the world to know
Waited long time through a chain of fools
Waited patiently and that prince was you

Passion so strong, I can't hold on, pleasure I yearn
With every burn, keeps me alive, melting inside
As legend would have it told, baby you give me good
love
You know you give me good love, yeah, yeah, yeah

Bring me to life butterfly, heart and soul make me
whole
Shield my pain, stop the rain, you chase all my clouds
away
Don't you know I've been?

Waited long time for my prince to show
Waited patiently I want the world to know
Waited long time through a chain of fools
Waited patiently and that prince was you

Passion so strong, I can't hold on, pleasure I yearn
With every burn, keeps me alive, melting inside
As legend would have it told, you give me good love
As legend had it told, as legend had it told
You give me good love

Give me good love
Oh baby you know you give me good love, good love
You give me, you give me, you give me, you give me
Good love, you give me good love
