The mystery of tryin to make it happen  
Strugglin just to make ends meet  
You need a new change of space  
A new direction  
This whole thing is so confusing to me

I know you got  
Dirty hands from a dirty job  
I know you got the  
Weight of the world heavy on your heart  
You've got the power won't you play the part  
Baby just believe that you're a

STAR  
Whether you know it or not  
Gotta make the most of what you got  
Never stop and don't ever give up  
STAR  
Whether you know it or not  
STAR  
STAR  
You're a STAR

There ain't no need for you to look any further  
You've got it all in the palm of your hands  
Everything that you conceive  
Can be yours not just a dream  
As the cards unfold  
Just remember what you were told

I know you got  
Dirty hands from a dirty job  
I know you got the  
Weight of the world heavy on your heart  
You've got the power won't you play the part

Baby just believe that you're a

STAR  
Whether you know it or not

Gotta make the most of what you got  
Never stop and don't ever give up  
STAR  
Whether you know it or not  
STAR  
STAR  
You're a STAR 2x

Go ahead and live your life  
You gotta let it shine

I know you got  
Dirty hands from a dirty job  
I know you got the  
Weight of the world heavy on your heart  
You've got the power won't you play the part  
Baby just believe that you're a

STAR  
Whether you know it or not  
Gotta make the most of what you got  
Never stop and don't ever give up  
STAR  
Whether you know it or not  
STAR  
STAR  
You're a STAR
