Rain down on us  
Rain down on us  
As we wait here in this holy place  
With our hearts set prepared  
We ask you would rain down on us (Repeat\*2)

We wait for your rain  
We long for your rain  
We thirst for the rain  
The rain of your spirit, pouring out on us (repeat)

Lord we ask that you would rain down your Mercy  
Lord we ask that you would rain down your Grace

Lord we ask that you would rain down your Love

Till we overflow, Till we over flow.  
Till we overflow, Till we over flow.

Rain down on us  
Rain down on us  
As we wait here in this holy place  
With our hearts set prepared  
We ask you would rain down on us (Repeat\*2)
