A bright light shines in the darken sky
A bright light shines in the darken sky
A bright light shines in the darken sky
Bringing us a promise

Shepherds watching there flocks by night
Suddenly angels appear
Good news good news we bring
The Christ, the Christ Jesus is borne
The Christ, the Christ Jesus is borne

Chorus
Singing Glory glory glory in the highest
Singing Glory glory peace on earth good will to men

Wish men came from afar
Lead by a bright star
Bowing down low to worship their King
Gifts of gold and sweet smelling spices they bring

Deserving of him the King of Kings
Jesus Christ Jesus Christ the promise

Chorus
Singing Glory glory glory in the highest
Singing Glory glory peace on earth good will to men

Bridge
He brings a promise of love
He brings a promise of Peace
He brings a promise of eternal life

Chorus
Singing Glory glory glory in the highest
Singing Glory glory peace on earth good will to men

A bright light shines in the darken sky
A bright light shines in the darken sky
A bright light shines in the darken sky
Bringing us a promise
