One happy day  
When everything changed  
Hoping to see  
That bliss comes to me  
Living the dream  
The dream that loved me  
Has tried for some days  
To escape while i sleep

I smashed the mirror  
But it stayed in one piece  
The face that I saw there  
Was so full of she  
That devilish look is new  
I've never seen before  
Hopelessness you

Dragging the feet  
Gray days that I meet  
But hope still remains  
Sun shines in my veins  
Raising my eyes  
Raise my voice to the sky  
Hopelessness you  
Do you see that I'm true

You feel like the dreaming will never do  
Then open your eyes and see the world is new  
And everything changes  
Better than you ever dared to dream before  
And hopelessness she tears apart  
All that you are

Not everything here's  
As good as it seems

Like it or not  
Life runs around clock  
Hopelessness she  
Gets all when you lose  
And when you are weak  
She won't let you choose
