Girl if you want to you can go where life is good
Say that you want to better days will be there soon
All that you've got to do is set your mind on to
All you want to achieve if you just believe

Stop runnin' around oh we all go up and down
And we all need to find a way to ease our mind
We all cry sometimes when it seems we can't get by
But we need to get loud

Let's get together
C'mon c'mon c'mon
Hang out forever
Girl you know you want to
Get together
Girl you know that we might make it through the night

I buy me a ticket a one way trip to paradise
I buy me a ticket my way to a better life
I'm ready to kick it change all things that cause us pain
Don't you know you can't give in sun comes after rain

Stop runnin' around oh we all go up and down
And we all need to find a way to ease our mind
We all cry sometimes when it seems we can't get by
But we need to get loud

Let's get together
C'mon c'mon c'mon
Hang out forever
Girl you know you want to
Get together
Girl you know that we might make it through the night

Girl c'mon let's get together
Time is now ain't gonna get better
We've got a thing goin' on down
Hits me hard when you come
Closer to me slowly smoothly
I like it girl
Your body's so groovy
Cool down for a little while

Than
We can start again

Stop runnin' around oh we all go up and down
And we all need to find a way to ease our mind
We all cry sometimes when it seems we can't get by
But we need to get loud

Let's get together
C'mon c'mon c'mon
Hang out forever
Girl you know you want to
Get together
Girl you know that we might make it through the night

Let's get together
C'mon c'mon c'mon
Hang out forever
Girl you know you want to
Get together
Girl you know that we might make it through the night
