Lady stealer double dealer
Ya dealt a loaded hand
I use to hold ya yea love and squeeze ya
I was your only man
But now she runs for cover in the arms of another
Spinning wheels and rolling dice
She hears me knocking but his hand is on her stocking
Out of mind she's out of sight

Oh no plenty of time to get ready
Oh no bootle of wine I hit the road I'm feeling fine

Chorus:
Back in the limelight again
Back in the limelight hit me with the spot light
Back in the limelight again oh yea

Forty days and forty nights
Out on the desert sand
A shining star burnin' bright
Leads me home again
Was I the only the only when ya told me
Take me to the candy store
A taste that's oh so bitter sweet
Keeps me coming back for more

Oh no plenty of time to get ready
Oh no bootle of wine I hit the road I'm feeling fine

Back in the limelight again
Back in the limelight hit me with that spot light
Back in the limelight again
Back in the limelight hit me with that spot light

Oh ya done me wrong oh time to get along
There's no room for second best
Hey mama ya done the rest

Repeat chorus.
