"Since You Been Gone"

Walk the line to a time I knew before
Was I then the kind of man you're looking for
I remember once when you had so much to say

Come tumbling down then you turned and walked away

Since you been gone I'll carry on
Somehow, yea somehow

Time to time when you did those things you do
Holdin' tight did I do the same for you
Oh baby you were more than just a friend
It's been so long when you coming back, back again.

Since you been gone I'll carry on
Somehow, somehow

Never once no never once tried to turn from my heart
Can't you treat me just the same
You took my best and you threw away the rest
Oh baby I want you again

Since you been gone I'll carry on
Somehow, somehow
