I have never hated anyone as much as you
Knife me once and then again and smile as you do
Ignorance the guiding light in your hypocrisy
From the time innocence were brainwashed to believe
Failure as a father and a friend to all man kind
On this day forever I will pray that you will die

Crucified for the innocence, on the cross you hang
Crucified for the innocence, back to god again
Crucified for the innocence, truth cannot be seen
Crucified for the innocence, You are dead to me
I don't need your love, Smite the lord above
Get away from me, take your bible leave
God is not the way, redirect the pain
Trample on his cross, sacrilegion

Spoiled with the likes of you and all that your about
Tragedy is all I've known and blame it all on god
All my life has been a maze of pain from what you done
It is for the blasphemy I aimed against the son
I will never come to you or give my heart to thee
When it is my turn to die I wont owe you a thing

Crucified for the innocence, on the cross you hang
Crucified for the innocence, back to god again
Crucified for the innocence, truth cannot be seen
Crucified for the innocence, You are dead to me

I don't need your love, Smite the lord above
Get away from me, take your bible leave
God is not the way, redirect the pain
Trample on his cross, sacrilegion

Follow in the path of thou receiving you in death
Horrorified by what is right enjoy the suffering
Revel in catastrophe the gospel you resend
Pestilent the lamb of god, irrelevant dement
Testaments succumbing eve fall victim to the times
It was always meant to be the end of Jesus Christ

Crucified for the innocence, on the cross you hang
Crucified for the innocence, back to god again

Crucified for the innocence, truth cannot be seen
Crucified for the innocence, You are dead to me

Glorified thy blood, free from sin become
Falter to his death, off the cross defect
Common sense of need, dead philosophy
Not to live as one, sacrilegion
