

Deicide "I Am No One"

I'm your forsaken, the fallen from grace
Horror of evil, created mistake
Ruthless and wicked, I feast with the damned
I am the cyst on your lord's holy lamb
Fuck your religion with blood on it's hands
Forgive the savior, forget about man
Profits for heaven build kingdoms of greed
Whoring redeempter, embezzle the weak
I am no one, without me he's unknown
Darkness gives power to light up his throne
Descend on earth in angelic display
The time has come to undo his restraints
I'm the temptation that swallowed his eve
God's inhibitions leave nothing to see
Hatred and anger conceived from the dust
I am the shame and the filth of their lust
Forfeit the savior for cleansing of sins
Relive the site of his crucifixion
Tragedy follows the wealth of your faith
Holy disorder has fell into place
Banished from heaven, unsatisfied soul
Out of the way of Jehovah's control
Let upon earth to evoke it's decay
The time has come for your god to take blame
