Standing on mountains of sin, bad luck is coming  
again,  
Wasting away in this hole, anguishing inside my soul,  
Inner peace I am denied, damming myself in the mind,  
Wondering eyes never see, visible powers concede,  
Nothing will stand in its way, immanent doom and  
decay,  
It is a present from god, payback for what I have done,  
Circling every mistake, wait to deliver my fate,  
Evil with anger and rage, sicken I bath in its pain,  
Wallow in shadows I'm in, watcher of heaven and  
hymn,  
Heartache is coming to stay, behold the mark of  
betray,  
[Lead...]  
Karma is coming for me, masking confusion unease,  
Sorrow absorbing my soul, mourning the lack of  
control,  
Pondering why I exist, remove myself from its grip,  
Self mutilation unstoppable, repel the markings of god,  
When will you show me your face, immanent doom in  
disgrace  
[Lead...]  
Standing on mountains of sin, bad luck is coming  
again,  
Wasting away in this hole, anguishing inside my soul,  
Inner peace I am denied, damming myself in the mind,  
Wondering eyes never see, visible powers concede,  
Nothing will stand in its way, immanent doom and  
decay,
