Lurking among us, attracted by blood, hating the world
for its

Love of a god, anciently ordered a soldier for death,
stomping

On Christians and raising the dead.

Christian swine, beat and blessed, crucified,

Christ was wrong, saints be gone, genocide,

Hand in hand, it is time, suicide.

Die, kill, rupture a vain, once and for all into silence
you'll stay,

Lord, god, splattered remains, the inquisition of

Ridding the world of pretentious scum,

Blackest knight, blessing flesh, bleeding shrines,

Broken necks, missing eyes, tortured blind,

Crucifix, don't exist, we survive.

Dark lord master to me, Father Lord Satan I do as you
please,

Find god, death comes to he, tear out his heart and
together we'll

Feast.

Belief, Impaling saints, demonstrate, his legion, render
of fate,

Terminate, for Satan.

Ritual, Sacrifice, doomed with Christ,

Kill the lights, come to life, horrify,

Wager war; trash the cross, open minds.

Wipe god off of the earth, cleansing creation, rejecting
his word,

Satan, ruler of all, let us indulge in the fruits of their
fall,
