Where's your god when you need him?  
Beware, he's deceiving  
Intimidation, revelation  
Wipe my ass on it's pages  
Fuck your god with good reason  
In contempt, holy treason  
I desecrate thee, it's amazing  
Open wound, he forsakes you

Satan comin', angel shun 'em  
Prophet's bludgeoned under his rule  
Reach out to hymn, not there again  
Free us from this, Satan live

You've been robbed of your spirit  
Ain't god's love so endearing  
Incrimination, contemplation  
Hopeless path of damnation  
End of days, you're afraid of  
And you thought he forgave us  
Infuriating, devastating  
Cut your throat, Satan's waiting

Satan comin', angel shun 'em  
Prophet's bludgeoned under his rule  
Reach out to hymn, not there again  
Free us from this, Satan live
