Dead and gone, you and the hatred
Ignorance, is searing in failure
What is what, will always be questioned,
You're the one who lives in deception

Bow to a god I will never want,
Look him in the face as I taste his blood
Fall to my knees and forget myself
Forever and ever and never I will
Rot with disgust and no dignity
Enemy of me you will always be
Fall to your death and accept the fact
The stench of redemption there's no coming back
Curse the plight and all explanation
Jesus Christ foreboding impatience
Step aside, and fall from your grace man
God the son, lost in temptation

Never will you rise from the flames of death
Dying as you bleed and your lies confessed
Elements untie at the end you see
Unbridled revenge in my heart unto thee
In an endless sea of divine regret
Lying in the past with the words you said
Anger disbelief will convince the soul
The stench of redemption
You're dead to the world

Dead and gone, you and the hatred
Ignorance, is searing in failure
What is what, will always be questioned
You're the one who lives in deception

Bow to a god I will never want,
Look him in the face as I taste his blood
Fall to my knees and forget myself
Forever and ever and never I will
Rot with disgust and no dignity
Enemy of me you will always be
Fall to your death and accept the fact
The stench of redemption there's no coming back
