Paid in blood, and gods love, you belong to me
What you thought to be a myth now your destiny
Don't believe that what you do, has condemned your
soul
You are one of us now and you'll spend it as you go
Satan's blood is on your hands and through him you
will lead
Blistered by the flames of hell your faith is on it's knees

Blood in the pocket the wages of sin
Evil has beckoned and you can't resist
Where will you go when it comes to your end
No going back to Jehovah again
Banned by the lord for the blasphemous verse
Tearing your heart with the unholy word
Die... Jesus you lied
Worship the ground of the death of his son
Live in his steps till the day he will come
The light of his coming is shadowing greed
Burning a hole through there righteous envy
Decompose, hell we go, walk with devil in dreams you
behold, forgot... god?

Satan's work, hell on earth, you refuse to see
Now what's what is where your at end you just can't
believe
Waller in misfortune is the path to gods mystique
You belong to Satan now and for eternity
Call to god, he is gone, he is dead to thee
What you want is what you got satans blood money

Blood in the pocket the wages of sin
Evil has beckoned and you can't resist
Where will you go when it comes to your end
No going back to Jehovah again
Banned by the lord for the blasphemous verse
Tearing your heart with the unholy word
Die... Jesus you lied
Worship the ground of the death of his son
Live in his steps till the day he will come
The light of his coming is shadowing greed
Burning a hole through there righteous envy

Decompose, hell we go, walk with devil in dreams you
behold, forgot... god?

Heaven scorned, crowned in thorns, twisting your
belief

Reconcile with the lord indelibly relieved

You will join us in the darkness of infernal sleep

Then you will discover that you worried for no need
