(English Version)

I shouldn't waste any more energy,
On such circuitous stuff.
Using my gaze to convey sweet, gentle words directly
to you,
You do not display other emotions;
Always smiling gently and turning your head,
Easily escaping the mystery that I try to convey.
If even this is insufficient to prove that we have great
shared chemistry,
At least it shows that we are smart enough.
No need to ask why anymore,
No need to say anything more -
We understand.
We are constantly in love,
No need to worry about anything else,
No need to be afraid of anything.
Wearily we fell asleep,
Holding hands, we entered the dream realm together.

WoÃ...Ã...yeah
Always unable to predict the weather accurately,
Missing the scenery that we were looking towards.
I didn't say, "I love you" at the instance when the
rainbow appeared.
I'm sure you knew my intention,
And know what I was thinking about.
Hence I am not in a hurry to go back when it rains.
Lalalalala...
