"Going Through"

Visit "[Going Through](#)" on MotoLyrics.com

Nooo...
We just going through
But we gon' make it through
Oohhh.....

How do you let go .. when we was getting so close
Now we're on the edge now.. balancing some how
Nothing is gon be perfect, but I'm down to work it
This love deserves it..
Baby girl you're worth it

They'd like it if we just gave up (yes they would)
walked out and never made up (yes they would)
Sold the house and lock the gate up (yes they would)
I would shake you if I could
(But I) I gotta fight.. I gotta try
If it takes the rest of my life
I'm in it to win it from start to the finish
It's not enough to give in
We just going through (through)
We just going through (through)
But we gon' make it through (through)
We gon' make it through (through)

Why would I hate you
I prayed and He gave you
As quickly He could take you
so I'm not trying to make you
Mad enough to leave me
Its work and it ain't easy
I commit to you completely
We'll make it, Just believe me don't worry about them
cunts..

They'd like it if we just gave up (yes they would)
walked out and never made up (yes they would)
Sold the house and lock the gate up (yes they would)
I would shake you if I could
(But I) I gotta fight.. I gotta try
Even if it takes the rest of my life
I'm in it to win it from start to the finish

It's not enough to give in
We just going through (through)
We just going through (through)
But we gon' make it through (through)
We gon' make it through (through)

It's the 4th quarter, 9th inning, 12th round we trained
for this we can't give in
We gon' stand together.. fight for us to stay together
The bond between us is strong is gon get even better
Baby just talk to me, tell me what it is you need
I'm down to do whatever. And givin' up, I'll never
We gon work this out if it's the last thing I do

I gotta fight.. I gotta try
Even if it takes the rest of my life
I'm in it to win it from start to the finish
It's not enough to give in
We just going through (through)
We just going through (through)
But gon' make it through (through)
We're gon' make it through (through)
