I saved you gave you everything cause you were mine  
Loved you now I hate you...

Verse 1:

The truth about her was she's a special girl  
from the first moment she changed my whole world  
A nigga fell in love so deep I couldn't help myself  
She wasnt even made for me I couldn't see nobody  
else

Chorus:

She was on the move  
Seein' other dudes  
I had to be the only one that didn't know  
she was getting by had me on the ride  
Disguised as an angel

You needed me  
And for you I was there  
But you lied to me and how could you dare  
when I saved you I made you I gave you  
everything cause you were mine  
I loved you I loved you now I hate you  
listen me yall

Verse 2:

The truth about her was that she was everybody's girl  
I thought that she belonged to me so I gave her  
the world and it's crazy how I just didn't see  
all the dirt she was doing to me all the things that  
I believed why she do this to me

Chorus:

She on the move  
Seein' other dudes  
I had to be the only one that didn't know  
she was getting by had me on the ride

Disguised as an angel

You needed me  
And for you I was there  
But you lied to me and how could you dare  
when I saved you I made you I gave you  
everything cause you were mine  
I loved you now I hate you

...listen me yall

Verse 3:

Why when I put nothing before you  
Why when I did nothing but spoil ya  
Why when I was straight up with you  
Why when it wasn't a thing I wouldn't do

Who put you up to this damn I put my trust in this  
I put my heart in this and this is how you thank me
