[Intro]

I hate you  
I hate you  
Cause you were mine  
I loved you  
Now i hate you  
Whew!!!

[Verse 1]

But you gotta know that she's, ??  
That special kinda girl,  
From the first moment she,  
Changed my whole world,  
A nigga fell in love so deep,  
I couldn't help myself,  
She wasn't a make for me,  
I couldn't see nobody else,

[Hook]

But she was on the move, seein other dudes,  
I had to be the only one who didn't know,  
She was getting by, had me on the run,  
Disguised an angel,  
You needed me,  
And for you i would stay  
But you lied to me,  
And how could you dare?

[Chorus]

When i saved you, i made you,  
I gave you everything cause you were mine,  
I loved you, loved you,  
Now i hate you,  
(listen to me y'all)

[Verse 2]

But you gotta know that she, ??  
Was everybody's girl,  
I thought that she belonged to me,  
So i gave her the world,  
And it's crazy how i just didn't see,  
All the dirt she was doing to me,

All the things that i believed,  
Why did she do this to me?  
[Hook]  
But she was on the move, seein other dudes,  
I had to be the only one who didn't know,  
She was getting by, had me on the run,  
Disguised an angel,  
You needed me,  
And for you i would stay,  
But you lied to me,  
And how could you dare?

[Chorus]  
When i saved you, i made you,  
I gave you everything cause you were mine,  
I loved you, loved you,  
Now i hate you, oooo i hate you

[Verse 3]  
Why when i put nothing before you?  
Why when i did nothing to spoil you?  
Why when i was straight up with you?  
Why when there wasn't a thing i wouldn't do?  
Who put you up to this?  
Damn i put my trust in this,  
I put my heart in this,  
And this is how you thank me?

[Chorus x2]  
When i saved you, i made you,  
I gave you everything, cause you were mine,  
I loved you, loved you,  
Now i hate you, i hate you, i hate you,

I said i hate, hate, hate, hate,  
I said i hate, hate, hate you,  
I said i hate, hate, hate,  
I said i hate, hate, hate you
