All my ladies

Shake 'em off, shake 'em off, shake 'em off, man
Shake 'em off, shake 'em off, shake 'em off, man
Shake 'em off, shake 'em off, shake 'em off, man
Shake 'em off, shake 'em off

I love them girls name Fantasy
I love them girls name Ecstasy
I love them girls who made it bounce on me
And if you feelin' me, throw up your ones with me

Baby, sexy lady, when you do it
How you do it, drives me crazy
Baby, I wanna know ya, think I love ya
I can please ya, let me show ya

Shake 'em off, shake 'em off, shake 'em off, man
Shake 'em off, shake 'em off, shake 'em off, man
Shake 'em off, shake 'em off, shake 'em off, man
Shake 'em off, shake 'em off

I love them bad money takers
And I love them sexy risk takers
And I love them 19 and willin' to
Stand on the table and beggin' you to take 'em and

And I love them bad money takers
And I love them sexy risk takers
And I love them 19 and willin' to
Stand on the table and beggin' you to take 'em and

Baby, it's like a movie, the way you shake it
The way you quakin' that ghetto booty
Baby, I wanna try it, put ya cake right on my plate
And let me bite it

Shake 'em off, shake 'em off, shake 'em off, man
Shake 'em off, shake 'em off, shake 'em off, man
Shake 'em off, shake 'em off, shake 'em off, man
Shake 'em off, shake 'em off

I love them bad money takers

And I love them sexy risk takers
And I love them 19 and willin' to
Stand on the table and beggin' you to take 'em and

And I love them bad money takers
And I love them sexy risk takers
And I love them 19 and willin' to
Stand on the table and beggin' you to take 'em and

I love them girls name Fantasy
I love them girls name Ecstasy
I love them girls who made it bounce on me
And if you feelin' me, throw up your ones with me

I love them girls name Fantasy
I love them girls name Ecstasy
I love them girls who made it bounce on me
And if you feelin' me, throw up your ones with me

I love them girls name Fantasy
I love them girls name Ecstasy
I love them girls who made it bounce on me
And if you feelin' me, throw up your ones with me

I love them girls name Fantasy
I love them girls name Ecstasy
I love them girls who made it bounce on me
And if you feelin' me, throw up your ones with me

Timbo, Tank, Tank
Here we go

Shake 'em off, shake 'em off, shake 'em off, girl
Shake 'em off, shake 'em off, shake 'em off, girl
Shake 'em off, shake 'em off, shake 'em off, girl
Come on

Boy, you owe me
Boy, you owe me
Boy, you owe me
When do you see, my boy?

When do you see, my boy?
When do you see, my boy?
When do you see, my boy?
When do you see my?
