"Idle Ghost"

You're like lost in your soul
Forsaken by your essence
You cannot stand to be what you are
So you came to die with us
Why do you still worship our rituals
While you could create your owns?
We don't share!
That's too personal...

Don't steal the thoughts anymore
Don't absorb the lives like before

Benighted entity, blank as the moonlight
You're entombed in an empty shell
Break your voice, scream throughout the night
Abandoned at the bounds of hell

Mesmerized, you're hypnotized
Transfigured by your idols
Take a look inside...
Take a look within your mind

Take a look within your mind
Take a look inside
Seek inside, all your thoughts are dead
Feel inside, your whole brain is burned

You're just the insipid
Reflect of our existence
You cannot stand to be who you are
It would be worse if you were me
Why can't you be aware of your worth?
Instead you behave like shit
Don't follow our footprints anymore

Wandering about this life of pain
Wondering who you are again
Idle ghost

Transparent and useless
Just the avatar of void

Prisoner of a stronghold of shadows
You're roving in it's eternal corridors
Taken away by the draughts
Leaving no track behind
You're the weakness' embodiment
The darkened shadows will remain your
Last shelter
