(Tank): I never thought the sun would shine my way
All I've known is empty promises and pain
I need a way out or some type of escape
So I take refuge in this place

(Omarion): Even though the road to glory seems long
The fire in me could win a marathon
Believe there's nothing you can't overcome

(All): If you dream, then you can do anything
If you dream, you're halfway to destiny
If you dream, dream the impossible
If you dream, cause a dream's unstoppable

(Toni Braxton): I could've gave up a long time ago
Though the door I need to get through will always close

But I don't give up cause I know

(Tyrese): And you can fly high with the strength of all
your friends
