Please dont go  
Please dont go

oh she found all the numbers i had in my car  
oh she called all the ones i had marked with a star  
oh i'm racing over to plead my case  
oh she saw it was me and slammed the door in my face

fellas tell my why  
how come we always doing wrong  
how come we can't keep it home  
how come it always end like this  
even though we know that

it ain't worth telling a lie  
it ain't worth seeing you cry  
it ain't worth that's why i'm  
right here begging you please  
don't go cause

it ain't worth killing a home  
it ain't worth being alone  
it ain't worth that's why i'm  
right here begging you  
please don't go baby

please don't go  
Please dont go  
Please dont go  
Please dont go

oh i jeopardized everything i loved  
oh what the hell have i been thinking of  
oh i should've loved you right when i had the chance  
yea, yea now you out there looking for a better man

fellas tell my why  
how come we always doing wrong  
how come we can't keep it home  
how come it always end like this  
even though we know that

it ain't worth seeing you cry  
it ain't worth that's why i'm  
right here begging you please  
don't go cause

it ain't worth killing a home  
it ain't worth being alone  
it ain't worth that's why i'm  
right here begging you

oh i didn't think it get this bad  
never thought of loosing you  
(now my heart is beating fast)  
i'm trying to figure out in my mind  
(what to do finding words to say)  
remember when you said that  
you will never leave me  
i'm steady knocking on the door  
but you don't hear me  
i can't let this happen right now  
please don't take you love  
girl i know i messed up  
it's a dog on shame

how come we always doing wrong  
how come we can't keep it home  
how come it always ends like this  
even though we know that

it ain't worth telling a lie  
it ain't worth seeing you cry  
it ain't worth that's why i'm  
here begging you please don't go  
cause

it ain't worth killing a home  
it ain't worth being alone  
it ain't worth

please don't go  
Please dont go  
Please dont go  
Please dont go
