so let me get this straight she's just a friend of a  
friend, you said that before  
but y'all be hanging out like everyday  
i hate to say you've done that before  
i told myself that i wouldn't go do this  
cos i knew that one day you would put me through this  
so as much as i'm blaming you, hating you  
it's all on me  
and so it's probably (yeah)

it's probably my fault  
that i'm being hurt by you  
probably my fault  
that now i'm going through  
i knew you weren't gone change  
but i tried it anyway and all i can say is  
it's probably my fault  
that you slipped and fell in it  
and it's my fault  
guess i push you up in it  
i should of known better but you ain't no better  
if you gone twist it, i'll admit it  
hell it's probably, it's probably my fault

you told me you would take me out the other night  
we'd spend some time, i've heard that before  
but something always comes up then you're gone  
and i'm home alone, i've been there before  
i told myself that i wouldn't go do this  
cos i knew that one day you would put me through this  
so as much as i'm blaming you, hating you  
it's all on me  
and so it's probably (yeah yeah)

it's probably my fault  
that i'm being hurt by you  
probably my fault  
that now i'm going through  
i knew you weren't gone change  
but i tried it anyway and all i can say is  
it's probably my fault  
that you slipped and fell in it

and it's my fault  
guess i push you up in it  
i should of known better but you ain't no better

if you gone twist it, i'll admit it  
hell it's probably, it's probably my fault

you can't even look me in the face and tell me why  
i should take you back after the sixth or seventh time  
i gave you everything i wish i could take it back  
cos even with everything you still don't know how to act  
i'm so mad at me, for opening up with you  
i just can't believe, i put up with you  
it's because of me, that i'm stuck with you  
had enough of you  
but to tell the truth

it's probably my fault  
that i'm being hurt by you  
probably my fault  
that now i'm going through  
i knew you weren't gone change  
but i tried it anyway and all i can say is  
it's probably my fault  
that you slipped and fell in it  
and it's my fault  
guess i push you up in it  
i should of known better but you ain't no better  
if you gone twist it, i'll admit it  
hell it's probably, it's probably my fault

it's probably my fault  
that i'm being hurt by you  
probably my fault  
that now i'm going through  
i knew you weren't gone change  
but i tried it anyway and all i can say is  
it's probably my fault  
that you slipped and fell in it  
and it's my fault  
guess i push you up in it  
i should of known better but you ain't no better  
if you gone twist it, i'll admit it  
hell it's probably, it's probably my fault
