Oooo  
Ohhh  
oh yea  
ooohh

Tryna make you realize  
That i wanna love you for life  
How can i make you see  
You're the only one for me

Things you never had before  
I'll give you them and so much more  
I would go as far as you need  
Just to make you see

Chorus:  
Girl I would  
Kill for you  
Steal for you  
Girl i would do time  
For any crime  
To prove our love is true (x2)

Said he doesn't treat you right  
Marriage is just one big fight  
Telling me you wanna be free  
I think i know what you mean

He likes to go running every night  
I'll make sure that its his last time  
Cuz we need him out of the way  
So we can be together always  
yeah yeah

Creeping up  
From behind  
With every intention on taking his life  
I caught him slipping  
My knife was deep  
And now it can be you and me

Chorus: (x2)

(Police Phone Call)

(What did you tell the police?)

You gave them my name

You better explain

(Now they're out there looking for me)

I did this for you i thought you wanted me to

(I won't go down alone)

But i don't have to if you were in this too

(Cause now there's only one thing to do)

You were the only witness so i have to kill you

Chorus: (x2)

How could you do this to me

I wanted you so happy

ohh but now you gone

I'm all alone

All alone

I had do it

I wanted to be with you

Get him out of the way

For good

For good yeah
