We was living high, money to the sky.
A couple more moves and we was gonna leave that life
behind.
But like all good things, they come to an end
Said all great themes came and always went
I guess I'm taking my loss but I didn't expect it to be
like this.

I don't care if they take the house and all the rides,
If they throw me in jail and the judge sentences me to
life,
'Cause I already lost it all, lost it all
'Cause I already lost it all, lost it all
When I lost you.

My soldier, my lover,
My hommie and my friend,
I swear I give it all back just to hold you once again
Told me you would give your life if it came down to it
Oh, it came down to it, now I'm going through it
And I'm about to lose it.

I don't care if they take the house and all the rides,
If they throw me in jail and the judge sentences me to
life,
'Cause I already lost it all, lost it all
'Cause I already lost it all, lost it all
When I lost you.

I lost every reason in the world to go on (go on)
'Cause you never miss a good thing 'till it's gone
(gone)
Oh, the life ain't what it seems, give your heart and
soul to the street
Just to end up broken down to you knees
Heaven, I know you hear me baby I'm coming home.

So I don't care if they take the house and all the rides
They can throw me in jail tell the judge he can give me
life
'Cause I already lost it all, lost it all (said I lost it)

'Cause I already lost it all, lost it all
(When I) when I lost you

Lost it all
Said I can't find nobody better now
I'm missing you
I swear I will be dead and gone
'Cause all my piece are all alone
This is what happened here
I lost it all when I lost you

Have you ever loved somebody so much
That if you lost them you might as well be dead and
gone too.
Well, well, well
