Woman - how many ways can I use woman  
Abuse them - verbal assault and then abuse them  
They should be grateful - subservient and still be  
gratefull

You drive me to my concerts, I refuse to pay for trains  
Complaininng's out of order, I'm your only fucking lay  
Do me service or be smacked, broad, if I don't get my  
own way

(Hey you, I'd die for you)  
I'll drive for you, my baby  
I'd do it all for you  
(Hey you, I'd die for you)  
Succomb to all your whims  
If you'd just let me in

Demon - you're present in all of my nightmares  
I thank god - Vodka, my friend, has been my saviour  
Because you left me - mobility is gone, I'm stranded

Give me justice, I'm the mentor, you're the only one to  
blame  
Mouth me, sugar, get a shiner, leave you for another  
dame  
Doesn't matter, seems you lost out, thank god you are  
all the game

(Hey you, I'd die for you)  
I'll drive for you, my baby  
I'd do it all for you  
(Hey you, I'd die for you)  
Succomb to all your whims  
If you'd just let me in

Give me justice, I'm the mentor, you're the only one to  
blame  
Mouth me, sugar, get a shiner, leave you for another  
dame

(Hey you, I'd die for you)

I'll drive for you, my baby  
I'd do it all for you  
(Hey you, I'd die for you)  
Succumb to all your whims  
If you'd just let me in
