as i pour this glass of wine
i hope it helps me express these thoughts of mine
no, i don't think i've ever felt the way i felt for you girl
so i'm turning these lights down and i'm telling you
right now

i don't think i've ever ever really told you how much i
need you
girl i need you more than my next breath
never would i ever leave you cause darling i need you
i need you more than my next breath.
i need

i'm sorry for the times that i stressed you out
and i'm thankful for the times you aint put me out your
house
(yeah oh)
i fell in love more than once but every single time it was
with you girl (you) (oh)

i don't think i've ever ever really told you how much i
need you
girl i need you more than my next breath never would i
ever leave you cause darling i need you
i need you more than my next breath i breath.

this is the part where we slow it down
make love to your mind it's ok you can think out loud
(no)
it's four in the morning and i'm pouring out my heart
girl so much to say i don't know where to start girl oh
(oh yeah)

i don't think i've ever ever really told you how much i
need you girl
i need you more than my next breath never would i
ever leave you cause darling i need you
i need you more than my next breath i breath
