Sin girl on the club all eyes on her
Think I fall in love
She is unbelievable
From head to toes
All the girl up in here
Can't compare her
Try to make my way to the DJ
Tell them .. a song make her go crazy
While I am .. shorty gonna go get it on
She put it on me can tell that she want it
Let me get to her
Got me saying oh my gosh I can't stand and watch
Looking so good all the girl can hate
Come to the crib girl tell me what you think
I am almost 245 can't be late
More minutes too long to wait
I am gonna take you out of here
Girl I wanna take you out out of here
.. pull away
I know you love to feel it vibrate
I am ready get started on the highway
.. started asking .. hard I just set .. compliments

She put it on me can tell that she want it
Let me get to her
Got me saying oh my gosh I can't stand and watch
Looking so good all the girl can hate
Come to the crib girl tell me what you think
I am almost 245 can't be late
More minutes too long to wait
I am gonna take you out of here
Girl I wanna take you out out of here
I am in this the fresher than ever
To this thirsty bitch I look like water in the deserts
Whatever these niggers do I do it better
.. when you are ready to leave
I got a place where we can go
So follow me .. let me get this straight
I can get you out of this joint ..
Cause damn girl you are looking so good
She put it on me can tell that she want it

Let me get to her
Got me saying oh my gosh I can't stand and watch
Looking so good all the girl can hate
Come to the crib girl tell me what you think
I am almost 245 can't be late
More minutes too long to wait
I am gonna take you out of here
Girl I wanna take you out out of here
.. pull away
