Thank you, thank you, thank you
Thank you, thank you but wait
Wait, wait, wait, wait
Hold up, hold up, hold up

We don't want you to clap right now
We want you to put your hands up
We don't want you to clap only put your hands up
'Cause right about now you should be feelin' it
Whatever club you in, put your hands up and feel it

In the club we, me an' my peeps
Showin' them how we get down
Just found it but it's jumpin'
'Bout to get fried, 'bout to get live

Give me four shots, as strong as you got
Wanna feel good, gonna feel good
Give me the mic so we can get hype
So get your hands up with me all night

Get your hands up, get your hands up
Get your hands up, get your hands up
Get your hands up, get your hands up
Get your hands up, get your hands up

Get your hands up, get your hands up
Get your hands up, get your hands up
Get your hands up, get your hands up
Get your hands up, get your hands up

Thugs in here, ladies in here
Lettin' it ride with their hands high
Showin' more love, drinkin' more Bud
Drunk, passin' out is what I'm talkin' 'bout

Got the police 'bout to bring the heat
Say we too loud but we get down
Officer, don't you get off, in about five minutes
So get your hands up with us, come on

Get your hands up, get your hands up

Get your hands up, get your hands up
Get your hands up, get your hands up
Get your hands up, get your hands up

Get your hands up, get your hands up
Get your hands up, get your hands up
Get your hands up, get your hands up
Get your hands up, get your hands up

Stomp your feet and get your hands high
Stomp your feet and get your hands high
Stomp your feet and get your hands high
Stomp your feet and get your hands

Stomp your feet and get your hands high
Stomp your feet and get your hands high
Stomp your feet and get your hands high
Stomp your feet and get your hands

Get your hands up, get your hands up
Get your hands up, get your hands up
Get your hands up, get your hands up
Get your hands up, get your hands up

Get your hands up, get your hands up
Get your hands up, get your hands up
Get your hands up, get your hands up
Get your hands up, get your hands up

Get your hands up, get your hands up
Get your hands up, get your hands up
Get your hands up, get your hands up
Get your hands up, get your hands up
