Yeah... there's a lot of them up in here you know but  
It's one of them nights you know... it's my night... yeah  
Stack of them but it's only one of me (Get me up in the  
air)

Stack of them but it's only one of me (All night)

Stack of them but it's only one of me (Oh)

Only one of me, only one of me

Verse 1:

Have you seen me?

I've been stacked next to people tryna be me

Before the end of the night you gon' meet me

Tucked neat between your string, baby free me, yeah

Do you need me?

I'm willing to be used baby keep me

I know you see a lot of these weekly

But I feel so damn special in your bikini

Chorus

Girl I can fit the bill

They call me dollar bill

But you can call me your one

Your, your, your one

I aint on the floor with the rest of them fools

Right up on your skin laying next to you

Call me your one, your, your, your one

Verse 2:

I hope you notice

Imma stand out in the sky when they throw this

Am not the one just fly, but I'm the coldest

Let me give it to you straight baby don't fold this

In other places girl I just don't mean a thing

Coming from a 20 I aint nothing but some change

Big faces clown on me, but they don't understand

Up in here, I'm the man

Chorus:

Girl I can fit the bill

They call me dollar bill

But you can call me your one

Your, your, your one

I aint on the floor with the rest of them fools

Right up on your skin laying next to you

Call me your one, your, your, your one

Bridge:

I don't mean a thing up in Gucci but in here I'm a star

Switch them big bills out for me over here at the bar

I can't do much for bottle service

Get me to that stage and show you how to work this

Baby drop that thing out, coming with the rain now

Imma make you feel like it's all worth it

Chorus:

Girl I can fit the bill

They call me dollar bill

But you can call me your one

Your, your, your one

I aint on the floor with the rest of them fools

Right up on your skin laying next to you

Call me your one, your, your, your one

Outro:

Stack of them but it's only one of me

Stack of them but it's only one of me

Stack of them but it's only one of me

Only one of me, only one of me

Stack of them but it's only one of me

Stack of them but it's only one of me

Stack of them but it's only one of me

Yeah, yeah...
