Rain Keeps Pouring Down  
Rain Keeps Pouring Down

It's a dark stormy night  
Not feelin' too good  
I'm alone once again  
It's the lies within  
That falsely keep me happy at night  
Rain pouring down blinding me of sight  
How did it get this way?  
I wish I knew just what to say  
To make your pain go away  
Then I would feel ok.

Rain Keeps Pouring Down  
Rain Keeps Pouring Down

They say to put your pride to the side  
Lord knows I've tried  
It's just so hard to do  
When what you think you say is true.  
That's when the problem  
Takes root and starts to go  
And just before you know it  
You loose everything you know.

I don't know what to do right now  
I'm so alone, wish I knew how  
To take your pain away  
Tried alcohol  
Made a phone call  
But nothing seems  
To ease the fall.  
This hurts so bad.

I'm so sick of this  
Why do you always have to get annoyed with me?  
It's always my fault, my problem  
Well you know what? I don't need this  
I don't need you  
Just leave... just go. just go.

What I say I really don't mean  
I get mad and make a scene  
But you know I love you so  
Don't go.

I messed up

Look at me  
Sittin here all by myself  
I don't know why I had to say those things  
It just felt right at the time  
You know?  
Yeah, yeah I know I need to change  
And I'm tryin'  
But for now, please hear me:

I'm sorry.
