What's up what's up?
My name is T Helms and I rock your world
I'm in the studio with Totty ya girl

(I feel like I'm in space!)
(These headphones, they're on my face!)

All the time, Tanner comes out with tracks that blow
your mind

Here we go!

(I'm on the stair stepper
In my pink too too
Trying to make my ass look fab
So I look good on YouTube)

Do like us dance to the ZeeZee
Left right, up down
Shake ya butt nice and tight
Touch down, grind it all around
Then back up back up
Make your face tongue stuck

Do like us dance to the ZeeZee
Left right, up down
Shake ya butt nice and tight
Touch down, grind it all around
Then back up back up
Make your face tongue stuck

(I'm on the stair stepper
In my pink too too
Tryin to make my ass look fab
So I'll look good on YouTube)

Yay yay yay oh whoa ah yay yay Schitzo...

(Makes me wanna shake my Kadonkiedonk
This shit is a workout
On the scene

Wearing Pink
My face is mean!
Chicka Chicka Bow wow!)

My rhymes are always good
And I take one's two's twenty five's fifties and
hundreds
EVEN YOU!

We got a loaded bodyguard! That's right!

Here we go
That shit gonna go on till after I'm dead
You'll be rocking your head off
And I'll be dead... so enjoy

(We got shitty last night!)

Do like us dance to the ZeeZee
Left right, up down
Shake ya butt nice and tight
Touch down, grind it all around
Then back up back up
Make your face tongue stuck

(Oh shit I'm in the studio rap pin
Can I call you back? Aight. Chicka china bow wow)

Ideas for ballet, Ideas for ballet
Huh?
