Do a slam dunk

It aint my fault that yo mans a punk
Tryin to hold a nigga down for about six months
Bitch you better recognize in about 12 months
Lay back in the benz getting brain fo change
24 steady skinny yeah they doing their thing

we don't beat our hos cuz the girls is tame
just like super nigger gonna bring the pain

We aint sittin around waitin on a new dance craze
We gonna take it on back to the good old days
When the project was up and money was booming

And after the bar go straight to the room and
Squirrely butt naked just having a ball
From the tub to the bed to the dresser to the wall
Jump up in the morning and then we at it again
Hit the block party with spoon in both hand
Everybody stayed jamming and rocky rocky
Eminem dj red and disco nick
Squirrel james at the park and hes beggin for change
Shoot him a few dollars put him in again
See my hood was the shit its an amazing thing
You can change if you want but im gonna stay the
same
Go yam nigga
Back on track
Fuck the new shit we gonna run it back

Take it back ho 4x
Run it back bitch 4x

Throw it back back back back back back
Yo neck and yo back
Going off the chain
Like a morrisburg jersey
Better get in the game

Throw it back ho 4x
Run it back bitch 2x
Run it back back back back

Straight slow jam
Talk of the town
Fuck what ya heard
And fuck what ya round
Jump on ya duals
Add to the sound
Throw ya head back
Get ready to round
Who the be on the scene
So drop to the floor
Like daddy strolling get low low
Cuz we aint gonna stop till the dope come in
If it tap then its rap if its hustling
you got a funky ass beat nigga run it then
It gotta be funky gotta be within
Anyway thats where the bitches been
Like the Friday night strip club skin to win
Im a eightball nigga ill crack yo chin
Im a platinum plus nigga and my pockets stay swoll
Yo bitch ass game is outta control
Whatcha do about the niggas on the 24

Take it back ho 4x
Run it back bitch 4x

Throw it back back back back back back back
Yo neck and yo back
Going off the chain
Like a morrisburg jersey
Better get in the game
