You've been hurt  
So many times  
Before in your past relationships  
And I know that it's hard  
To trust some one with your heart  
Cuz ur scared they might end up breakin it  
Girl juss give me one chance  
To prove this all wrong  
And I swear it's our love we lived on  
And the arguments to work it out  
So there will be no doubts  
Of us together in love

Cause girl you are the love  
That's in my life  
And I'll trade it all  
Just to have you by my side  
And I'll be the one to swim on for the open seas  
Just to show what you mean to me  
And that is everything that you are  
Everything to me  
Yes you are baby  
Girl your my everything

Girl when I look in your eyes  
I can visualize  
My life goin good with you by my side  
And when you hold me girl  
It feels like I'm on top of the world  
I'm so lucky to have you as mine

Girl I would walk several miles  
Out in the wild  
Juss for me to see your sweet sweet smile  
Girl I don't care how long  
And I don't care how far  
I'll climb the highest mountain  
To get where you are

Cause girl you are the love  
That's in my life  
And I'll trade it all to have you by my side

And I'll be the one to swim on  
To the open seas  
Just show wat you mean to me

And that is everything that you  
Are everything to me  
Yes you are baby  
Girl your my everything

Yo yo  
Hear this...

You got the body of a goddess  
Face of an angel  
Knowing that you mind has got me greatful and  
thankful  
That I have you in my life  
To stay by my side  
No one to thank that your mine  
Has got me to realize  
Your everything I've ever wanted  
And the girl is in you  
Said a baby love baby boo  
Belive me cause it's true  
And I wont trip  
And I wont denie  
Wont even lie  
Wont do anything to hurt your feelings or make you cry  
Cause all this time  
I've been searching for another so true  
And I must your love got me goin crazy for you  
It's like the ski that needs the sun  
Or the night that needs the moon  
You like my mary-jane  
Go crazy if sum one steals you  
I need you here close to me  
Every night and day  
Cause wen I'm down you seems to take all my pain  
away  
And when we are away  
Were on the phone all day  
Sweet tone up your voice  
Makes me wanna say aye bay bay, aye bay bay  
Whuts your plans for today  
If anything lets take a ride to gods country  
And enjoy the sand and the sea  
As we walk the beach  
Together me and you in perfect harmony

So lady love  
Right before I go juss thought I'd let you know

That you are the love that's in my life  
And I'd trade it all just to have you by my side  
And I will be the one to swim on to the open seas  
Juss to show what you mean to me  
Yeah  
And that is everything

Yes you are baby  
Girl your my everything
