We stayed in this room  
near the waterfalls  
where we met the young couple  
from Clermont-Ferrand  
you were a red primafleur  
amongst grey daffodils  
I remember a tune  
which goes like this

Kiss me kiss me like I kiss you  
miss me miss me like I miss you  
while you dream your dream of somebody else  
I play for you the whole night through

Though I hated the falls  
I enjoyed every night  
behind the curtains of joy  
the sunlight burned dry  
all the flowers that tried  
to dim your bright light  
I kept singing my song  
through all day and all night

Kiss me kiss me like I kiss you  
miss me miss me like I miss you  
while you dream your dream of somebody else  
I play for you the whole night through

The bells of your crown  
couldn't hear them ring  
they played for you  
for me they won't sing

as I kissed too deep  
right into your throat  
found an oak inside  
that's what it told

Kiss me kiss me like I kiss you  
miss me miss me like I miss you  
go on dreaming your dream  
seems like somebody else

plays the part of yours  
in a cheap old hotel

Now you lay underneath the tower bell  
I can hear them singing gloomy tunes from hell  
where the kisses don't burn  
%91cause the fire/s too hot  
so I sing for you  
with the help from God

Kiss me kiss me like I kiss you  
miss me miss me like I miss you  
while you dream your dream of somebody else  
I pray for you to escape from hell
