Turn left of the junction
raised along the road
all acceleration, take care of my note
jumped out off my car, climbed up the railing
He's the morning star and ended my wailing

Wiped away those years
and dried my eyes
with no more tears, no more lonesome cries
now that I am free, now that I can see
I found the key, she belongs to me

[chorus:]
I shout it out, as loud as I can
yes, I'm in love, in love again
I shout it out, as loud as I can
yes, I'm in love, in love again

On my ahead for a moment,
saw the river down below
as I did in these days, oh long time ago
when I spread my arms, for the final flight
so sure as I was, blinded by their light

Wiped away those years

and dried my eyes
with no more tears, no more lonesome cries
now that I am free, now that I can see
I found the key, she belongs to me

[chorus:]
I shout it out, as loud as I can
yes, I'm in love, in love again
I shout it out, as loud as I can
yes, I'm in love, in love again

Wiped away those years
and dried my eyes
with no more tears, no more lonesome cries
now that I am free, now that I can see
I found the key, she belongs to me

[chorus:]

I shout it out, as loud as I can
yes, I'm in love, in love again
I shout it out, as loud as I can
yes, I'm in love, in love again
