Secret hideaway, hello we welcome you  
Secret hideaway, yes we know what to do  
Secret hideaway, I throw my arms around you  
Secret hideaway, yes we do welcome you

There are lay tonight  
A night so quiet  
No more a abandoned  
As they had been

See them lying tonight  
Oh, so quiet  
Enjoy and listen  
A tender of silence

Secret hideaway, hello we welcome you  
Secret hideaway, yes we know what to do  
Secret hideaway, I throw my arms around you  
Secret hideaway, yes we do welcome you

In search of something  
Something to dream  
No oblivion no  
No disappointment

Quiet me and  
A grateful you  
Believe in me it is  
It's really true

Secret hideaway, don't want to leave us now  
Secret hideaway, we are about to tell  
Secret hideaway, we share your visions too  
Secret hideaway, that is what we will do

Secret hideaway, hello we welcome you  
Secret hideaway, yes we know what to do  
Secret hideaway, I throw my arms around you  
Secret hideaway, yes we do welcome you
