Where am I?  
I don't know.  
Should I stay,  
Or should I go?  
Having dreamed of,  
I don't know  
How I feel  
Insecure.  
City by night,  
The air is warm.  
Can I resist  
All your charme?  
Can I resist  
Your sweet song?  
I'm so weak,  
When I'm alone.  
Oh, let me dive  
Into an ocean,  
Lights  
And music  
In never-ending motion.  
How deep will I fall?  
I don't think.  
I don't care.  
'Cause cities move on  
And no-one  
will find me there  
Never seen  
Easy life,  
Frightened by  
People's eyes.  
Catch a glance,  
Try a smile.  
Say hello,  
Stay for a while.  
All 'round there  
Harmony.  
Isolation,  
Wait for me.  
Our first night  
In a new world,  
Will I disappear,

Will I be heard?  
Oh, let me dive  
Into an ocean.  
Lights  
And music  
In never-ending motion.  
How deep will I fall?  
I don't think,  
I don't care.  
'Cause cities move on,  
And no-one  
will find me there.  
Where am I?  
I don't know.  
Should I stay,  
Or should I go?  
Having dreamed of,  
I don't know  
How I feel  
insecure.  
City by night,  
The air is warm.  
Can I resist  
All your charme?  
Can I ignore  
Your sweet song?  
I'm so weak,  
When I'm alone.  
Never seen  
Easy life  
Frightened by  
People's eyes.  
Catch a glance,  
Try a smile.  
Say hello,  
Stay for a while.  
All 'round there,  
Harmony.  
Isolation  
Wait for me.  
Our first night  
In a new world.  
Will I disappear?  
Will I be heard?
