Come on honey, it don't matter no more
Let your lovin' shine down on me
Come on honey, well it don't matter no more
Let your lovin' shine down on me, aha

Have you been hurt by some girl
Who came to take you for a ride
It seems when you woke up one mornin'
She was not there by your side

Well I'm not the kind who whispers into your ear
The words that you want to hear
Then she just disappears, whoa
Someday you'll see that I'm devoted to you, oh
I'll do what you want me to so

Come on honey, it don't matter no more
Let your lovin' shine down on me
Come on honey, it don't matter no more
Let your lovin' shine down on me, aha

What is the problem?
I don't understand why we can't get along
Don't be afraid of the consequences
I won't do you wrong

I'm not the kind who whispers into your ear
The words that you want to hear
Then she just disappears, whoa
Someday you'll see that I'm devoted to you, oh
I'll do what you want me to so

Come on honey, it don't matter no more
Let your lovin' shine down on me
Come on honey, it don't matter no more
Let your lovin' shine down on me

Come on honey, it don't matter no more
Let your lovin' shine down on me aha
