Another love, just another love
I don't wanna be just another love
On your list of hearts, you've torn apart
Then you've cast them aside

Oh, can't you see that I don't wanna be
I don't wanna be just another love in your life?

Well, I hear you've got a reputation in town
For taking all the young girls
And breaking them down

You've given me an invitation to stay
But boy, you know my heart says
I oughta be running away

Well, I've never been embarrassed
So I guess it's my turn
I'm gonna see how strong I am

Another love, just another love
I don't wanna be just another love
On your list of hearts, you've torn apart
Then you've cast them aside

Oh, can't you see that I don't wanna be
I don't wanna be just another love in your life?

Well, you've got some kind of magic
In your big brown eyes
Where'd you ever learn how to hypnotize?

Just like in old men's books that I've read
Drinking lemonade in the shade of my canopy bed

Well, I've never been hurt
So I'll see what it's worth
I'm gonna see how strong I am

Another love, just another love
I don't wanna be just another love
On your list of hearts, you've torn apart

Then you've cast them aside

Oh, can't you see that I don't wanna be
I don't wanna be just another love in your life?

Well, I've never been hurt
So I'll see what it's worth
I'm gonna give your love a try

Another love, just another love
I don't wanna be just another love
On your list of hearts, you've torn apart
Then you've cast them aside

Oh, can't you see, I don't wanna be
Oh no, I don't wanna be
I don't wanna be just another love in your life
