They say that there's a hole  
In the atmosphere  
The things you think  
Will last disappear

When you were ready to say I do  
Somebody lowered the boom on you  
And now you need a sympathetic ear

So baby, tell me about it  
Tell me about teardrops in the dark  
Tell me about it  
Tell me about your broken heart

You say you need someone to hold you tight  
You can't stand another lonely night  
Well, come closer and  
Tell me about it

Love isn't always true  
It hurts sometimes  
Your tears will tell on you girl  
I'm not blind

I know what you're goin' through  
I graduated from that school too  
If you need a shoulder, cry on mine

Tell me about it  
Tell me about teardrops in the dark  
Tell me about it  
Tell me all about your broken heart

You say you need someone to hold you tight  
You can't stand another lonely night  
Well, come closer and  
Tell me about it

You took a lesson in playin' a fool  
I graduated from that school too  
If you need a shoulder, cry on mine

Tell me about it  
Tell me about teardrops in the dark  
Tell me about it  
Tell me all about your broken heart

You say you need someone to hold you tight  
You can't stand another lonely night  
Well, come closer and  
Tell me about it

Tell me about it  
Tell me about teardrops in the dark  
Tell me about it  
Tell me all about your broken heart

Tell me about it  
Tell me about teardrops in the dark
