I was givin' up on givin' love another try
But you were easy on the heart
And easy on the eye

Yeah, I wouldn't have believed it if I'd been told
I'd have my very own angel to hold
Like a warm blanket I can wrap around my soul

You're good lookin'
You're good luck
You make me feel like a million bucks

That's what your love does for me
Like a child, a little wild
And like everything I do is in style
That's what your love does for me

You took my outlook and you sure shook it up
With a little bit of sweetness
From your lovin' cup

What was once half empty is now half full
Now I'm an optimist, baby, dyed in the wool
Ever since you gave my lonely heart strings a pull

You're good lookin'
You're good luck
You make me feel like a million bucks

That's what your love does for me
Like a child, a little wild
And like everything I do is in style
That's what your love does for me

You set the mood
You set me free
Like a prisoner with my own jail key
That's what your love does for me

Like a new dime
Don't I shine
Feels like every day with you is spring time

That's what your love does for me

Feel like a child

I'm a little wild

And like everything I do is in style

That's what your love does for me

That's what your love does

That's what your love does for me
