"Don't Believe"

This time it's gone to far, so why do I push and push to
make you believe me, so
Why don't you believe me.

I hope you can trust me when you touch my hand and
don't push me away when you
Don't believe me, so believe me don't believe me. Take it
away when you push it in
My face and and start believing meeeeeeeeeeee.

Don't believe, don't believe, don't believe, so just be
believe me when you hold my
Hand and take a hard deep breath. And start believing,
believing, believing.

This is the last straw, you don't need me when I'm here
but you'll need me when
You need to start believing me and yourself, just
believe, believe, believe.

Just believe just believe, just believe. For you sake and
mineeeeeeeee.
