Sometimes I just sit back and wonder what was meant  
to be learned from that event that occurred everything  
happens for a reason right I left behind just another  
tragic lesson in life an organic r  
Drenaline flight high above the traumatised situation of  
life...it's ironic, considerate rarity patron of love, higher  
knowledge engulfs me 'cause, the blast of fate a  
lesson, to my eyes concern  
D overwhelmed theirs were of fear yet I'm feelin' so  
empty inside and yet it burns so awkward  
this..time.....tears a waterfall of acid cries from his,  
eyes, I need to recognize, it's meant to be.  
S alive and his cries just begin arisin' suprisin' as  
well...this little boy proud of helpin' those in need but  
he's not me but just maybe he could be, I can see it  
now because, I'm a hero in hi  
S temporarily blind this immature kid a spirit as well an  
angel, hiding by helping and wanting to  
understand..me...it's somethin' w/ my pride, lies, I  
cannot hide my true side, and maybe in dist  
I can still come out laughing  
That's the way I am...am I hard to recognize? what do I  
need to realize? why can't I see w/ my own eyes? what  
do I need to see?
