Hard sums sharp tolls
When your heart and when your tonguing money
I'm in the hold and I've been holding money
Take shape take whole
Lie in the space
I've turned my soul about it
Lie to the sun lie to the holy body
Signs come frail forms
Where did all the money go

When'd you you high shoe
Where did all the money go where did all the money go

At the pawn are you, all the bad I've been on the sun
I've been on the she'd for conning
In time in sould you are the bonnie you are the four
cunning

You are the bud and you are the warring bonnett
Come in the money for time is the show and time is the
heart about it

Time rolls away gold where did all the money go
Age old form shows where did all the money go
Sold homes frail forms where did all the money go in
so
Made railing I'm in the poor in the cold way gone

You've been alone in the cone away from it's a long
drive home
It's a long where hard you roam
Where did all the money go
I've been long gone times of all the haunted hole

Constant eye bends, where did all the money go
You are far from the isle in a sea bond
